

I hereby authorize Dr. Oehler or Totally Feet Staff, under Dr. Oehler's supervision to treat my onychomycosis, or nail fungus with the Genesis Plus System. I understand that multiple treatments may be required and it is possible the result will be minimal or may not help at all.

The procedure may result in the following adverse experiences or risks:

MILD DISCOMFORT – A slight and uncomfortable warming sensation may be experienced during treatment.

REDNESS/SWELLING/BRUISING – Short term redness (erythema) or swelling (edema) of the treated area is common and may occur. There also may be some bruising of the treated area.

SKIN COLOR CHANGES – During the healing process, there is a possibility that the treated area may become either lighter (hypopigmentation) or darker (hyperpigmentation) in color compared to the surrounding skin. This is usually temporary, but, on a rare occasion, it may be permanent.

BURNS and INFECTION – Treatment can result in burning and blistering of the treated areas, and subsequent infection. If signs of infection develop, such as pain or redness at the treated site, immediately call our Totally Feet P.C. at 720.980.3668.

SCARRING – Scarring is a rare occurrence, but it is a possibility if the skin surface is disrupted. To minimize the chances of scarring, it is **IMPORTANT** that you follow all post-treatment instructions provided by your healthcare staff.

EYE EXPOSURE – Protective eyewear (shields) will be provided to you during the treatment. Failure to wear eye shields during the entire treatment may cause severe and permanent eye damage.

I acknowledge the following points have been discussed with me:

- Potential benefits of the Genesis Plus treatment of nail fungus, including the possibility that the procedure may not work for me.
- Alternative treatments such as topical or oral medications or even surgery
- Reasonably anticipated health consequences if the procedure is not performed
- Possible complications/risks involved with the proposed procedure and subsequent healing period
- For women of childbearing age: By signing below I confirm that I am not pregnant and do not intend to become pregnant anytime during the course of treatment. Furthermore, I agree to keep Dr. Oehler and staff informed should I become pregnant during the course of treatment.
- I understand that photographs and videos of my feet and/or legs and procedures done to my feet and and/or legs may be taken and used for teaching purposes, research, publications, and promotional materials. Photographs and videos used will in no way be associated with my name or any other identifiable information. I will remain anonymous from these images and videos and procedures.
